

H04 hydraulic

Two-section stretcher Hydraulic system for raising

Characteristics

?Scissors? design for vertical lifting, without lateral movement to minimise space and provide maximum stability throughout all profiling positions.

Two section bed. Upholstered in vinyl, colour to choose, fireproof, with high density sponge foam inside. Color to choose according to sample card.

The interior of the upholstery is made of high-density spongy foam rubber without latex content, high resistance to traction, tearing and breakage.

Articulated backrest up to +80° bay gas spring.

The legs are finished with levelers.

Retractable wheeling system.

Structure and Finishings

Manufactured in epoxy coated steel.

Accessories

Paper roll holder is included as standard.
