

H962

Linen hamper trolley 2 body

Characteristics

Lid color up to choice, with opening by pedal. Made of ABS plastic.

Bag fixation by pressure of the perimetrical rubber ring.

The bag is easily adjusted completely covering both the inside and the outside of the ring, ensuring perfect hygiene and preventing accidental slip of the bag during its use.

Suitable for disposable or reusable bags (bag not included).

Handle for easy movement.

Structure and Finishings

Structure made of ABS plastic and stainless steel 18/10.

Accessories

ø80 mm castors, two with brakes.

Dimensions

Ring dimensions: 350 x 255 mm

Capacity of the bag: 70 litres.

General: 740 x 540 x 930 mm
