IMO GROUP: HERITAGE AND INNOVATION

A Vertically Integrated Legacy

Headquartered in Northern Portugal, we centralize our R&D, metallurgical manufacturing, and service operations. This structure ensures a cohesive, agile, and highly professional response to all customer needs.

Proven Durability

Decades of engineering expertise result in medical devices built to last. Our commitment to quality is proven by thousands of our beds that have been reliably in use for more than 20 years.

Expanded Capabilities

The integration of Hidemar brings deep, specialized expertise in medical furniture, allowing the IMO Group to offer a comprehensive and unified healthcare portfolio.

Unwavering Core Values

Safety remains our ultimate priority. Every product we design and manufacture is underpinned by a profound commitment to responsibility, integrity, and trust across all our partnerships.
